

# Joseph Drouhin

## Chambolle-Musigny 2009

Grape Variety :  
Pinot Noir.

### Vineyard

Site: at the heart of Côte de Nuits, between Morey-Saint-Denis and Vougeot.

History & tradition: the name of the village Chambolle is probably derived from the Celtic "cambola", already reputed for its vineyards in Gallo-Roman times and cultivated by the monks in the Middle Ages. Joseph Drouhin owns several parcels in this appellation.

Soil: the limestone of the subsoil is of Jurassic age origin, ideally suited for Pinot Noir.

Drouhin estate: 0,25 ha. (0.625 acre).

Average age of the vines: 20 years.

### Viticulture

Biological cultivation since 1990; biodynamic cultivation a few years later.

Vine stocks: "sélection massale" (propagation of new vine stocks from a number of selected vines) done at the Drouhin nursery; also clones of recognized quality.

Soil maintenance: compost of manure and white wood, sometimes guano (seabird manure used as fertilizer).

Soil is ploughed either by tractor or by horse to manage spreading of weeds.

Treatment: only authorized products for biological cultivation are used: infusions and macerations of plant materials, sulfur and copper, powdered rock. Natural predators are not eliminated.

Plantation density: from 10,000 to 12,500 stocks/ha in order to extract all possible nuances from the terroir and limit the production of each vine stock.

Pruning: Guyot.

Yield: we aim to keep our yields low, more in line with the previous regulation: around 20% less than allowed by the current law.

### Vinification

Harvesting: by hand, in small open crates in order to preserve the integrity of the fruit.

Sorting of the grapes: in the vineyard and at the "cuvierie" (winery) if necessary.

### Maceration:

maceration and vinification take 2 to 3 weeks indigenous yeasts maceration and fermentation temperatures under total control. Joseph Drouhin seeks total control of the process of extraction; extraction gives colour and substance to a wine but should never be detrimental to its finesse and typical character.

"Pigeage" (punching down of the cap during fermentation): once a day until half of fermentation is done; one pumping over (remontage) per day till the end of the fermentation.

Pressing: separation of free run juice from pressed juice.

### Ageing

Type: in barrels (20% in new oak).

Length: 14 to 18 months.

Origin of the wood: French oak forests.

Weathering of the wood: Joseph Drouhin insists on total control of the weathering for a period of 3 years, one of the contributing elements to the elegance of the wine.

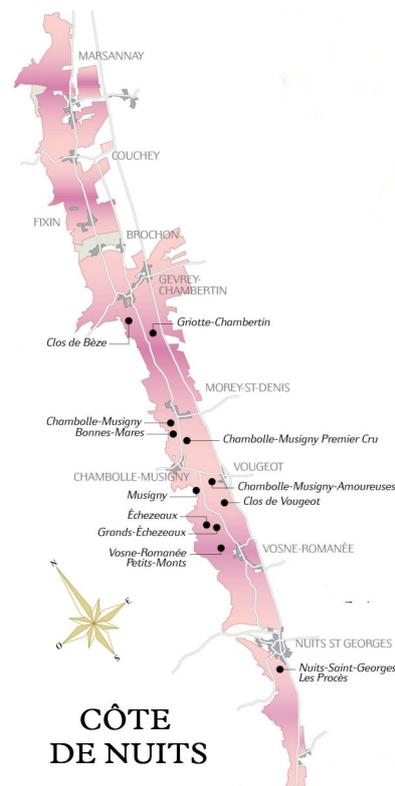

Follow-up: barrel by barrel.

Fining ("collage", to clarify the wine): light, after careful tasting.

Throughout the ageing process, decisions are taken only after careful tasting evaluation, barrel by barrel. The data obtained is then completed through technical analysis. As with every other Joseph Drouhin wine, absolute priority is given to the true expression of terroir and character of the vintage.

### Tasting note by Véronique Boss-Drouhin

"Fine lace and silk are the words most often associated with this wine. Bright, intense colour and complex

CÔTE  
DE NUITS

*Joseph Drouhin*

## Chambolle-Musigny 2009

aromas evoking violet, black cherry and damp earth. According to the vintages, there are also notes of truffle and game. Refined tannins coat the palate. Good balance between texture and acidity. Long aftertaste, with notes of cherry and candied fruit".

### Vintage

The wines are very generous with ample character.

The tannin structure is quite strong but ripe. The acidity level is fairly low. To be drunk or to be kept, the choice will be difficult as they are already full of charm, but also well-balanced, which is a sign of a good ageing potential.

2009 is showing its breed and will rightfully take its place among those vintages ending in "9" in the last century, as well as 2005, 1978, 1961...

### Serving

Temperature: 16°C (61-62°F).

Cellaring: 5 to 18 years.

## LA MAISON JOSEPH DROUHIN

In 1880, Joseph Drouhin, who was from the Chablis region originally, chose the city of Beaune to found the business that bears his name. Over the years and with each generation, the vineyard estate grew. At the same time, the founder's passionate search for excellence and knowledge was handed down like a family heirloom; Maison Joseph Drouhin continues to ensure this valuable family heritage.

Dedication to the diversity of Burgundy has always been the sole focus and vocation of Maison Joseph Drouhin, as vineyards - mostly premier and grand crus - were acquired in all major areas.

Out of firm conviction, Drouhin has adopted a biological and biodynamic approach to viticulture. Listening to nature: from vine to glass, at every step in the elaboration of the wine, a profound respect and deference to nature prevails.

From its very beginning, Maison Joseph Drouhin has aimed for an ideal of perfection and elegance. The style of Joseph Drouhin combines balance, harmony and character, providing infinite pleasure.

Thanks to its open-minded world view, Joseph Drouhin introduces the best of Burgundy to all continents. Its active presence in many countries is the surest proof of its desire to get acquainted and understand other cultures and styles of living.
