

WEIDEN & BERG GRÜNER VELTLINER

Founded in 1792 SALOMON UNDHOF is a wine estate with a long tradition. The Salomon family from the Wachau produces white wines from the best terraced "Urgestein" sites along the Danube River in Stein and Krems. Today Bert and Gertrud Salomon run the winery.

All the grapes are harvested traditionally by hand only. Their great vineyard locations and meticulous work in the vineyards are prerequisites for their elegant wines. Wines with finesse and perfect mineral balance reflect the very special micro climate of this lovely river valley.

Encircled by a massive property wall the Weiden vineyard is adjoining the winery. Vines from the Weiden old Gruner-Veltliner rootstocks have been planted on the terraces of the neighbouring Kreuzberg vineyard. A wine with supple mouthfeel and lush texture with hints of yellow peach.
