5 Stars & 96 Points

EMW (East Meets West) is a combination of grapes from two vineyards, one east-facing with the other facing west. Fermented on 100% whole bunches, with the tank sealed for fermentation allowing it to 'do its own thing'. Very interesting wine that is more 'vinous' than fruity with spice, floral and herb notes taking centre-stage. Fine, ripe and slightly peppery tannins add structure. A very impressive wine indeed. Drink 2018 to 2023.
